Submission

I am absolutely discussed in the fenced area outside Manly Library. It looks awful and impedes pedestrian traffic for those pushing baby pushers, those who need wheel chairs and those pushing individual trollies with food they have purchased at the supermarket. There are many who live in Manly who do not drink and use the area outside the library as a regular walkway. When it is raining, with puddles and umbrellas it is a traffic hazard and an accident waiting to happen - if a serious accident has not occurred already. I have certainly seen many folk fall trying to navigate the area around the fencing. Please remove as soon as possible.

I agree to the above statement

Yes
