### Submission

I fully support the submission. It is essential to create both business and social opportunities. Areas like Newport which have seen the closure of shops and hospitality venues. There is an increased need for support to regenerate. Costs of parking however, does put people off. The beaches are shared spaces so not everyone has a permit. I think Northern Beaches Council is doing a great job of creating better services to meet community needs. I wish Kuingai Council was as responsive and engaged.
