Our local event company Fixx Events has been running a successful event Avoca Beachside Markets for 12 years and council had said after 5 years running we would be able to apply for 5 year DA's to save annual applications. Well we haven't been able to get this approved as council has said it cannot be done as no-one knows or how to make this happen and in the interim we have 100+ local businesses every month not knowing if we will get a approval every year and have to wait in fear and we have requested for 60+ events to hit the region under this agreement, but no-one can commit due to red tape and non existant laws.

I agree to the above statement

Yes
