

21 May 2019

To whom it may concern,

**RE: EMPLOYMENT LAND WITHIN THE PENRITH LAKES SCHEME – LOTS 308-310  
DP752021 (LAND)  
IMPORTATION OF VENM and ENM AND OWNER'S CONSENT TO LODGEMENT OF  
DEVELOPMENT APPLICATION FOR 14 – 278 OLD CASTLEREAGH ROAD, CASTLEREAGH**

Penrith Lakes Development Corporation Limited (PLDC) is currently the owner of the Land and has recently entered into a contract to sell the Land.

PLDC is currently importing VEMN and EMN into part of the Penrith Lakes Scheme in accordance with, amongst other things, DA2 Mod 7. PLDC anticipates completing its importation and rehabilitation requirements in the first quarter of 2020. Based on the latest survey information, PLDC anticipates that it will only require 11 million tonnes of the approved 13 million tonnes of VENM or ENM. As a result, PLDC anticipates that there will be a surplus of 2 million of tonnes which may, subject to all necessary approvals, be reallocated within the Scheme.

PLDC hereby gives consent to the reallocation of 2 million tonnes of VENM / ENM for importation into the Land and lodgement of a DA or modification to DA 2 for the Land.

Please do not hesitate to contact me if you require any further information.

Yours sincerely,

A handwritten signature in black ink, appearing to read "J. Vozzo", written over a large, stylized circular flourish.

Jacqueline Vozzo  
Chief Executive Officer
