

Regionally Significant Development

Faster investment to help Build Back Better

Regionally Significant Development brings **crucial investment** that boosts growth

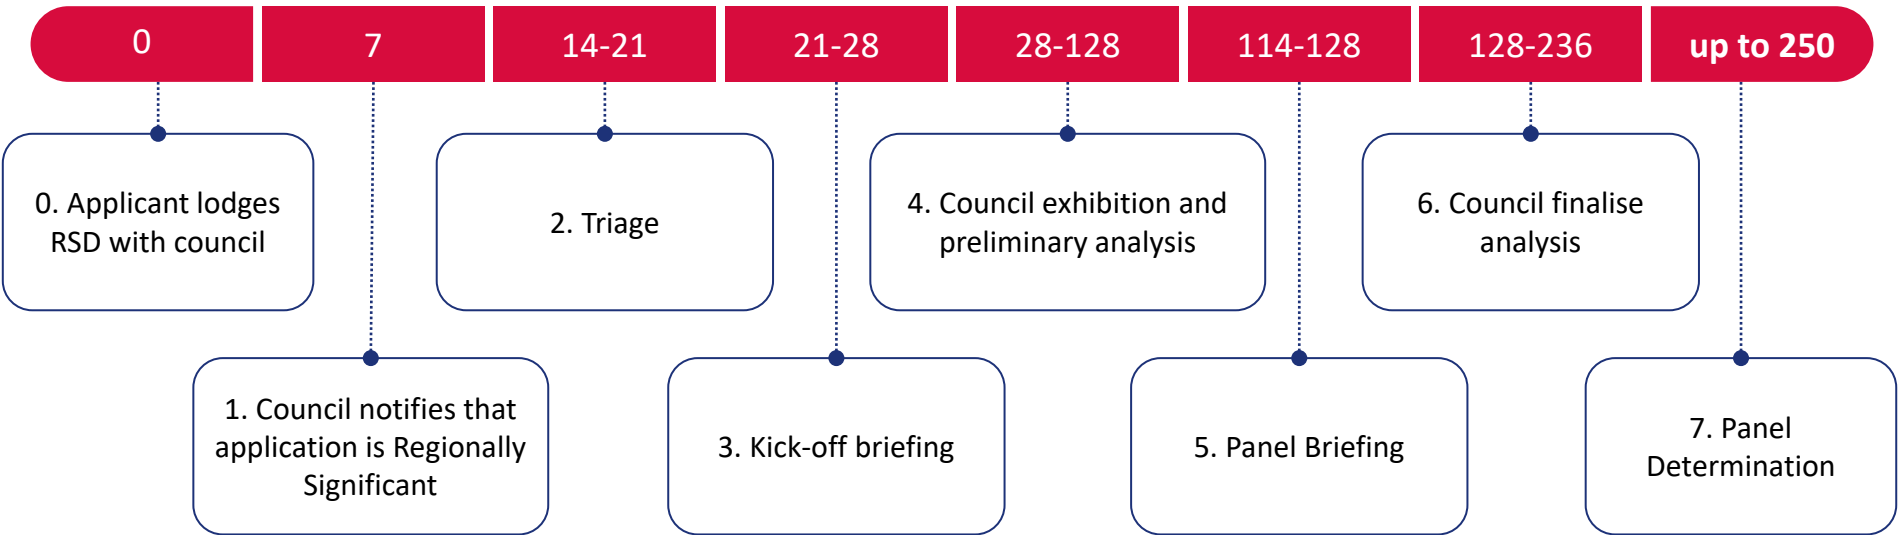

>**\$1.5bn** invested in metro councils and >**\$450m** in regionals in the first half of 2021

Our pilot program tests new ways to **streamline the assessment process** and provide this economic boost faster

We believe the new approach will make a difference by bringing partners together earlier and introducing standard briefing practices

New process based on feedback from the whole system: 7 simple steps for each application
Days since application

The pilot began in July 2021, and now involves 20 councils across NSW
