**Re: DA 2 MOD 11 – PENRITH LAKES SCHEME**

Dear Michelle,

We are local business operators looking to expand and are frustrated by the critical shortage of employment/industrial land in Western Sydney and in particular the Penrith area. We are seeking to acquire land and the Nepean Business park would suit our needs very well. Accordingly, we would like to see the project progressed as soon as possible.

In addition, the proposed DA Modification will provide an improved local environment by rehabilitating a degraded quarry site, enhance local business activity and create thousands of much-needed jobs in Western Sydney.

We are therefore pleased to write to you in **SUPPORT** the DA Modification.
