# Renewing a STRA Property

STRA properties must be renewed every 12 months to remain active on the STRA Premises register. The registrant will start receiving renewal reminders via email at 45, 30, 7, and 0 days before the renewal end date.

If the property is not renewed by the end date, registrants have an additional 90-day grace period to renew the property. In this time no further bookings may be recorded on the property. Email reminders will be issued at 60 and 30 days before the grace period ends.

If the property is not renewed before the end of the grace period, the property will be automatically de-registered. Once the property is de-registered it cannot be renewed and a new property registration must be completed.

If a STRA registration has incomplete information, you will be prompted to complete the information when renewing the registration.

To renew a STRA property listing, follow the steps outlined below.

### Locating the STRA Property

1. Log in to the NSW Planning Portal and click STRA Listings from the main menu to open the STRA Properties area.

**Note**: The STRA Properties area will open displaying all STRA properties that have been registered under your Portal account.
