**Submission**

I object to any cemetery and crematorium being developed on land that is 1the centre of a village or town2inthe same area as market gardens and farms3 in a flood area ,where runoff flows into a nearby river orwaterways 4 where there is no adequate roads to carry extra traffic 5 where the scenic village atmosphere would be destroyed 6 where the community oppose such a development.Im sure areas to be developed for future cemeterys and crematorium can be found in more suitable areas.
