Submission

Business Western Sydney is pleased to write in support of the proposed metro station for Sydney Olympic Park and supporting place making plan.

Sydney Metro West will transform the connectivity of Sydney Olympic Park and will help position the precinct as a more attractive destination for private sector investment that will drive greater job creation, housing and commercial outcomes for the Park.

We support the principles of the plan to create a walkable neighbourhood with strong retail offering and interchanging with Parramatta Light Rail Stage 2 and buses.

I agree to the above statement Yes
