

NSW Planning Portal Council Reference Group (medium to low volume)

Quarter 2 meeting

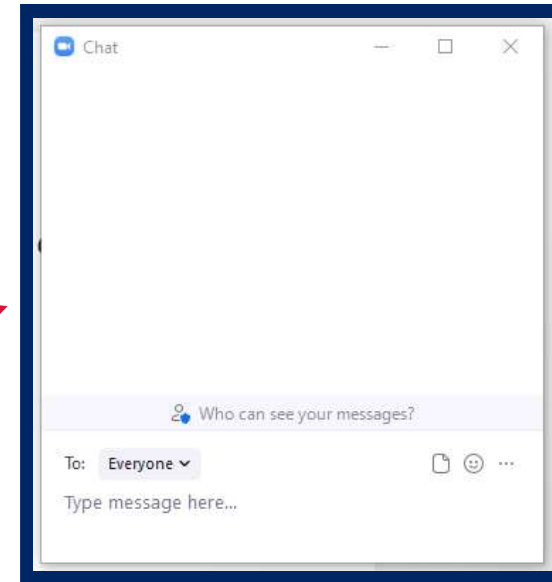

13 June 2024

Acknowledgment of Country

We acknowledge that Aboriginal and Torres Strait Islander peoples are the First Peoples and Traditional Custodians of Australia, and the oldest continuing culture in human history. We pay respect to Elders past and present and commit to respecting the lands we walk on, and the communities we walk with.

Housekeeping

- Please mute your device unless asking a question.
- Press 'Raise Hand' to ask a question.
- You can also ask questions using the chat function. Any questions we do not respond to in the meeting, will be responded to post-meeting.

Agenda

No.	Description	Speaker
1	Acknowledgement of Country and welcome	Nerida Mooney

Customer support: Council

Support level	Description
Level 1	<ul style="list-style-type: none">• General enquiries• Exhibitions• Policy & Legislative Changes• Planning Proposals
Level 2	<ul style="list-style-type: none">• Portal navigation• Initial technical troubleshooting regarding Portal services• Triaging cases for technical assistance

For customer support, please phone: 1300 420 596

Customer support: Ticket statistics

Number of outstanding tickets as of 4 June 2024
Total tickets for period 1 July 2023 to 4 June 2024 represented below

■ In progress ■ Done

90% of the tickets have been resolved. There are 2259 open tickets.

Status of open tickets
As of 4 June 2023

■ Awaiting Advice ■ Awaiting Response ■ BBM to Resolve
■ Customer Responded ■ Escalated ■ In Progress
■ Open ■ Ready QC

313 tickets are awaiting information from the customer.

Customer support: Ticket information

To minimise delays, please ensure any support tickets include the following information:

- Application type
- Site address/s
- Username
- Description of issue (Note: Please include a screenshot wherever possible.)
- What assistance you require

Providing this information upfront will assist with the resolution timeframes and additional information requests.

NSW Planning Portal Council Reference Group (medium to low volume)– Quarter 2 meeting

Program update: Upcoming releases

28 June 2024 release

Vikrant Das

28 June 2024 release

Digital service	High-level summary of changes
BASIX service	<ul style="list-style-type: none">• Ability for an applicant to cancel a BASIX payment during the 'Awaiting payment' stage. This will enable them to edit their BASIX application.• Improved navigation functionality
Certificate Registration service	<ul style="list-style-type: none">• Documents assigned the 'Determination' category will be optional when submitting a certificate registration with council.
Complying Development service	<ul style="list-style-type: none">• Certifier can return an application at the pre-assessment stage.• Document category 'Determination' will be an optional document on the determination screen. The document will be mandatory on the 'Final Plan submission' stage.• Reduction in the number of questions displayed, and changes to the document requirements, when the common application type is 'Subdivision' only.• Additional document type 'Fire Safety Schedule'.

28 June 2024 release

Digital service	High-level summary of changes
Development application (council and state)	<ul style="list-style-type: none">• Additional optional document type 'Fire Safety Schedule'
Major projects	<ul style="list-style-type: none">• References to 'Capital investment value' replaced with 'Estimated development cost' in multiple locations including help text and declarations for SSD and SSI applications
Post-consent Certificate service	<ul style="list-style-type: none">• Certifier can return an application at the pre-assessment stage.• Changes to the document requirements for Subdivision Certificates – 'Reason for refusal and right of appeal' is a mandatory document and 'Subdivision certificate' is optional• Changes to the document requirements for Subdivision Works Certificates – 'Reason for refusal and right of appeal' is a new mandatory document and 'Subdivision work certificate' and 'Stamped approved plans' are optional

Draft text:

Outline the results of Council's assessment including in Council's opinion how the proposal does not conform to the specifications and requirements of Planning for Bush Fire Protection (maximum XX characters)

NSW Planning Portal Council Reference Group (medium to low volume)– Quarter 2 meeting

Future direction

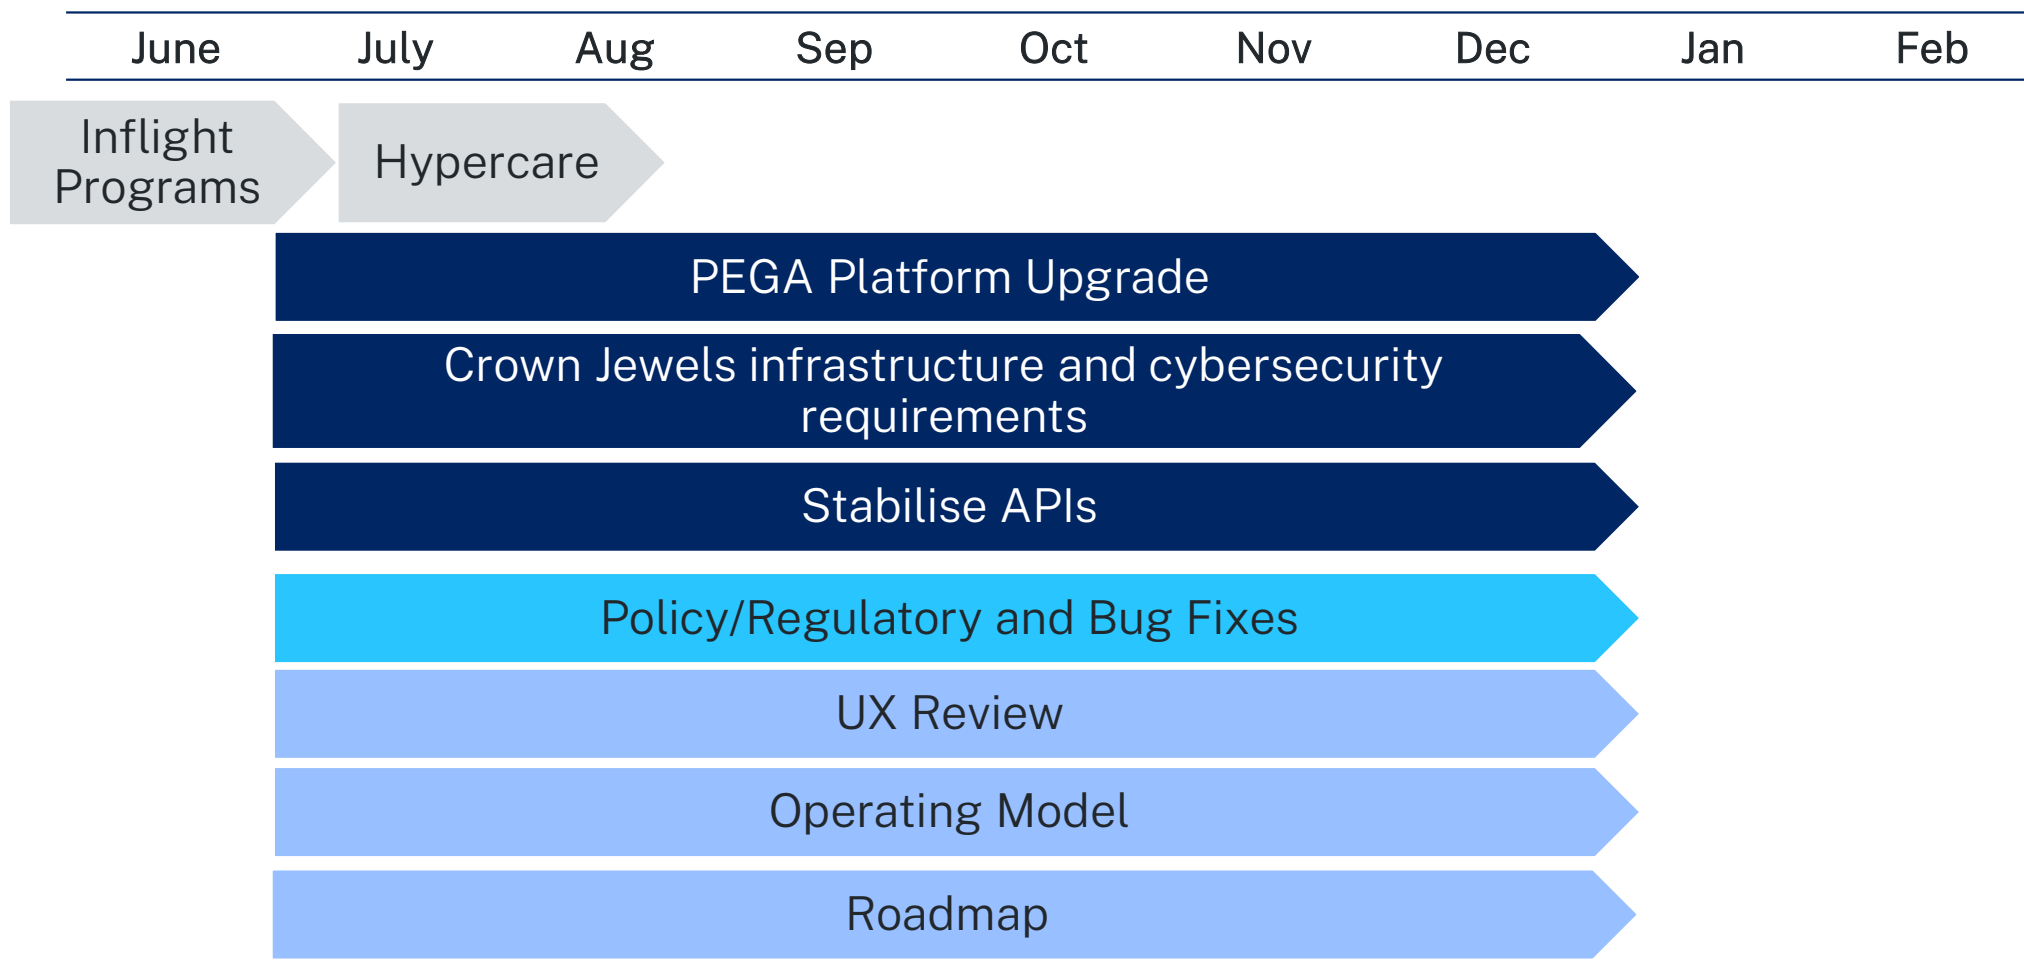

Nerida Mooney

Talking to Councils

- Feedback themes were very similar:
 - Clear the backlog of support cases. Moving forward, a way of splitting issues raised by councils/agencies and general users would be useful. Feedback implemented as council heatmap.
 - There is not enough co-design with councils. The department has complete autocracy on feature releases/fix priority. Seeking a forum or mechanism to capture suggested functional improvements that sit somewhere between system errors and more major enhancements.
 - Requesting a moratorium on new, until what has been built has been fixed.
 - Publish a feature and technology roadmap for 2+ years. This includes mandated feature and optional. For example, exhibitions are not mandatory today and councils are investing in their own processes and technology assuming no plan to mandate in the next 18 months.
 - The time given to perform user acceptance testing (UAT) and release management is not acceptable. Council need time to schedule resources.
 - API stability/friction with council vendors on APIs

Proposal from 1 July 2024

Target State Visioning Workshops

A series of workshops with NSW Councils will be held in July 2024 to provide co-design the Target State and work on solutions related to:

- Technology (API / data / Planning Portal platform)
- Shared experience (Planning Portal service and products)
- Roadmap (Planning Portal strategic and innovation)

NSW Planning Portal Council Reference Group (medium to low volume) – Quarter 2 meeting

Other matters

Caitlin Williams

How would you like to be involved?

We released a survey to capture the details of those that would like to be provide feedback to the department on the NSW Planning Portal digital services and other digital platforms, and the future direction of the program.

Please share this with your colleagues.

Knowledge management update

The concept for the new quick reference guide website page was refined following your feedback at the quarter 1 reference group meeting.

The team is currently developing the concept for usability testing.

The review of the quick reference guides is in progress, with any updates included in the release summaries.

Next steps

- The concept will be distributed to members of the Reference Groups to obtain your feedback.
- Feedback will be reviewed and amendments made as needed.
- New content page re-design will be published on the NSW Planning Portal.

eLearning videos

We are developing a range of short eLearning videos that will provide clarification to users on how to use standard functionality.

These videos could be:

- included in a NSW Planning Portal induction pack for new users within your organisation
- used by stakeholders as 'self-serve' support materials
- sent by the customer support team to resolve customer support requests more efficiently.

Program communications

Currently we send release and program update communications to:

- members of the NSW Planning Portal reference groups
- all NSW councils
- NSW Planning Portal organisation administrators.

We are looking to implement a subscription option so that other interested stakeholders can receive updates on:

- program updates
- release communications
- API communications
- System outage notifications
